Summary

Enthusiastic and goal-driven BCA student with strong problem-solving abilities and a passion for software development. Skilled in Java, Python, MySQL, HTML, CSS, JavaScript, and Django. Seeking an internship opportunity to apply academic knowledge, gain industry experience, and contribute effectively to innovative IT projects while building a successful career in technology..

Skills

Programming & Querying: SQL, Python, Java

Web Technologies: HTML, CSS, JavaScript, Bootstrap

Frameworks & Tools: Django, Git, VS Code

Experience

- Developed responsive web pages using HTML, CSS, Bootstrap, and JavaScript.
- Created backend modules using Django framework for CRUD operations.
- Integrated MySQL database for storing and retrieving user data efficiently.
- Collaborated with mentors to debug applications and improve UI performance.

Projects

Student Management System (CRUD) | *Python, Django, MySQL*

- Built a full-stack web application to manage student records efficiently.
- Implemented add, view, update, delete, search, and pagination functionality.
- Used Django templates and Bootstrap for responsive frontend design.
- Connected backend with database for secure and efficient data handling.

Weapon Detection System (Gun Detector) | *Python, OpenCV*

- Developed a computer vision model to detect visible weapons in CCTV/video streams.
- Used image datasets and object detection algorithms for real-time monitoring.
- Integrated alert notifications for suspicious object detection.
- Improved system accuracy through preprocessing and model optimization.

TextUtils App | *React.js, JavaScript, Bootstrap*

- Developed a text utility web application for fast text manipulation tasks.
- Implemented features like case conversion, word count, character count, and text cleaning.
- Designed responsive user interface using React.js components and Bootstrap.
- Enhanced user productivity with real-time text preview and analysis.

Awards & Certifications

- **C++ Programming Certification:** Completed training in C++ fundamentals, OOP concepts, problem-solving, and data structures basics.
- **Python & Django Certification:** Learned Python programming, Django framework, and web application development concepts.
- **Machine Learning & Deep Learning:** Worked with Python and R-Studio to build basic predictive models and data analysis projects.

Education

Bachelor of Computer Applications (BCA)

L.N. MISHRA COLLEGE OF BUSINESS MANAGEMENT

2023 – 2026

Pursuing

Intermediate (12th)

LYCEUM INTERNATIONAL SCHOOL, CBSE

2022

75%

Matriculation (10th)
